ZEPPELIN KILLS MANY IN LONDON

FIFTY-FIVE ARE DEAD AND 114 INJURED.

Some Slight Loss of Military Material and Number of Fires Result From Air Raid.

London, Oct. 14.—Fifty-five persons were killed and 114 injured in the Zeppelin raid over London last night. Fourteen of the 55 persons killed and 13 of the 114 wounded were military casualties, according to an announcement made later by the official press bureau.

The text of the announcement follows:

"The press bureau of the war office announces that a fleet of hostile airships visited the eastern counties and a portion of London area last night and dropped bombs.

"Anti-craft guns of the Royal Field artillery attached to the central force were in action and an airship was seen to heel over on its side and to drop to a lower altitude.

"Five aeroplanes of the Royal Flying corps went up, but, owing to atmospheric conditions, only one aeroplane succeeded in locating an airship. This aeroplane, however, was unable to overhaul the airship before it was lost in the fog.

"Some houses were damaged and several fires were started, but no serious damage was caused to military material. All fires were soon got under control by the fire brigade.

"The following military casualties, in addition to the ones announced last night, have been reported:

Fourteen killed and 13 wounded.

The home office announces the following casualties other than the military casualties reported above:

Killed—27 men, 9 women, 5 children; total, 41.

Injured—64 men, 30 women, 7 children; total 101.

Total killed and injured—91 men, 39 women, 12 children; total 142.

"Of these casualties 32 killed and 95 injured were in the London area and the figures include those announced last night."

London's latest Zeppelin raid exceeds in the number of casualties any previous attack on the British capital. The last in which casualties were reported, that of September 8, comes second. Twenty deaths were caused on that occasion, while 86 persons were injured. The casualties in the raid of last night bring the total for all air raids on England up to 640, of which number 177 persons were killed and 463 injured.

Report Great Fires.

Berlin, Oct. 14 (by wireless to Sayville, N. Y.).—An official report given out today by the German admiralty regarding the Zeppelin raid on London says that in addition to dropping bombs on the English capital, the waterworks at Hampton and the town of Woolwich, where there is a great arsenal, were heavily bombarded. Great fires are reported to have followed the explosion of the Zeppelin bombs.

The text of the admiralty's statement follows:

"The German airships during the night of October 13-14 attacked the city of London as well as the batteries of London and nearby important establishments.

"Several attacks were made especially on the city of London.

"The docks of London, the waterworks at Hampton, near London, and Woolwich, also were heavily bombarded with incendiary bombs.

"At all the places attacked important explosions and great fires were observed.

"All the airships returned safely, although they were vigorously attacked on passing over the English coast."

CALL FOR REPRISALS.

London, Oct. 14.—The proposal of replying to Germany's air raid by "bombarding his sleeping towns as he bombards ours," received enthusiastic indorsement at a mass meeting today in the Cannon street hall in London's financial district.

Lord Willoughby de Broke and William Joynton-Hicks, member of parliament, were the principal speakers at the meeting.

"We have come here," said Lord Willoughby de Broke, "to urge upon the government that they have got to take steps to stop the kind of thing that happened last night. The only way to do it is to treat them as they treat us."

Mr. Joynton-Hicks made a demand for reprisals.

"Let the kaiser be made to realize what it means for his own people to be subjected, as we have been subjected, to cold-blooded butchery in the dead of night, and there will be a demand from one end of Germany to the other to stop the butchery in England that they themselves may be safe," he said.

said.

"We must be prepared to send 200 machines at the very least, circling over Cologne, Coburg and other German towns that the Germans may be made to realize the destruction they wrought last night and other nights in our midst."

Resolutions adopted called on the government to undertake a systematic policy of reprisal "as the only effective method of putting a stop to Zeppelin raids on London and other towns."

STUCKEY HAS EYE ON GOVERNORSHIP

Bishopville Man Says He Will Probably Be in Race Next Summer.

News and Courier.

Columbia, Oct. 17.—"I will not at this time make a positive statement, but there is every probability that I will be in the race for governor next summer," was the answer made by Hon. W. A. Stuckey of Bishopville to a query from newspaper men.

Mr. Stuckey is a prominent farmer of Lee county. He is highly educated, being a graduate of the University of South Carolina and a post-graduate of Vanderbilt university.

"I am not prepared to make a definite announcement just now," said Mr. Stuckey. "Public sentiment is in the process of formation and there is a constantly increasing demand for a direct representative of the farmer to run for governor. If I am the man, all right; if I am not this sentiment will crystallize and find a way to express itself. I am doing nothing to promote it and do not intend to in people have a chance. If I do run any way seek it personally. Let the my platform will be, 'I do not wish any man's vote unless he believes I am the best man for the State to have for its governor.'"

This will be interesting to many Newberry people who know Prof. Stuckey. He was superintendent of the Newberry city schools for several years a short time ago.

THE CIRCUS CLOWN

Fifty Funny Men Are Carried With Carl Hagenbeck-Wallace Circus.

The modern clown is a paradox. He is the same as in the days of Dan Rice, away back in the last century, and yet he is a different clown. The same in that he paints his face in vermilion and white, and adheres to the time-honored ridiculous pattern in his dress; different because of the fact that his work today is practically all pantomime, whereas that of the ancient clown used to be composed of singing, reciting and telling jokes, at which time no other act worked in the big show.

The change in the clown's method of work is the logical result of shifting conditions in the circus world. In other days, when one ring sufficed, the ten was necessarily small, a fact which permitted the clown to be distinctly heard from any point under the canvas. At that time one act was quite enough for such a limited audience. And the clown, being obliged to contribute his share to the program, happily hit upon the pleasing and successful idea of singing, joking and reciting.

In the shifting scenes of time the country became more populated. The circus proprietor enlarged the tent. Then a second ring was added, and, finally, a third, together with a couple of stages and an enormous hippodrome track. Acts were placed in these rings, on the hippodrome track and in the aerial enclaves above, that all might have a good view. The clown found that he could not make his voice heard in so large an area, so he resorted to pantomime or dumb acting. The modern-day clown does a work, yet he is one of the most pleasing features of the big show.

There are more than fifty clowns with Carl Hagenbeck-Wallace circus. There are clowns with one, two and three humps. There are clowns who impersonate policemen, prize fighters, baseball players, farmers, etc. There are six French clowns, headed by Marceline St. Varain. The Carl Hagenbeck-Wallace circus will give two performances in Newberry on Wednesday, October 27.

Voice Pupils.

WHAT ALUMINUM WARE IS.

It is sanitary, it is made from one solid piece of metal, no seams, no place for dirt or disease germs to gather. Positively the most sanitary kitchen ware that can be used. Light in weight yet durable. Nothing to wear off or chip into the food, heats rapidly and retains heat longer than any other metal. I give it away as premiums.

Mayes' Book & Variety Store

The House of a Thousand Things.

The greatest thing in modern feeding is MOLASSES. It cuts down the feed bill and builds up the stock.

RED SHIRT HORSE AND MULE MOLASSES FEED

It's something the horses and mules like—gives them an appetite—starts the saliva running and aids digestion. Far superior to an all grain feed. Give your horses and mules a treat, and at the same time save money.

Our RED SHIRT (first grade) Horse and Mule Molasses Feed contains Corn, Oats, Ground Alfalfa, made appetizing with salt and pure cane molasses, and analyzes as follows:

Protein 10%; Fat 3%; Fibre 12%; Carbohydrates 57%

PIEDMONT HORSE & MULE MOLASSES FEED (Second Grade) — Analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 55%

SWAMP-FOX HORSE & MULE MOLASSES FEED (3rd Grade) This analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 55%

PERFECTION HORSE & MULE FEED (Dry Mixed) We manufacture also a dry mixed (no Molasses) Horse and Mule Feed, which analyzes: Protein 12%; Fat 3%; Fibre 12%; Carbohydrates 57%. This is composed of straight grain and ground Alfalfa Meal.

RED SHIRT DAIRY FEED

First Grade: A balanced ration containing Molasses. Cattle are very fond of it—keeps them in good condition. Increases the flow and enriches the quality of the milk at a reduced cost of feeding. Contains ground Corn, C. S. Meal, Wheat Middling, Ground Alfalfa, Pure Cane Molasses and Salt. Analyzes: Protein 15%; Fat 3%; Fibre 12%; Carbohydrates 60%

PIEDMONT DAIRY FEED (Second Grade)—Analyzes: Protein 12%; Fat 2%; Fibre 12%; Carbohydrates 55%

RED SHIRT HOG FEED A combination of Digestive Tankage, Ground Corn, Rice screenings; very fattening. Keeps the hogs in good condition.

We manufacture also RED SHIRT Scratch Feed and RED SHIRT Baby Chick Feed.

"SEVEN EGGS A WEEK" HEN MASH Composed of Ground, Corn, Ground Oats, Ground Wheat, Barley, Maize, Rice, Cottonseed Meal, Cow Peas, Meat Meal and Linseed Meal. Analysis: Protein 18%; Fat 4%; Fibre 12%; Carbohydrates 40%

As shown on the bags in our ad, nearly all of our feed is made from Carolina products, even to the bags and twine. We are, therefore, in the market for Oats, Corn, Wheat, Alfalfa Hay and any other kind of Hay.

We also carry a full stock of GRAIN, HAY AND STRAW.

Our feeds as shown above are mixed on scientific principles to furnish the greatest nourishment at the lowest cost. Let us show you how to cut your feed bills down. Write us for prices, etc.
